Dear Sir:

Applicants acknowledge receipt of the Office Action mailed May 9, 2002. Please amend this application as set forth below.

IN THE CLAIMS:

Please cancel claim 33 and amend claims 34, 36, 37, 40, 42-44, 47, 50-55, 58-61, and 66 as follows:

34. The filtering face mask of claim 68, wherein the valve seat is made from a relatively light-weight plastic that is molded into an integral one-piece body.

36. The filtering face mask of claim 68, wherein the seal surface is substantially uniformly smooth to insure that a good seal occurs between the single flexible flap and the seal surface, and wherein the flexible flap is made from a material that is capable of allowing the flap to display a bias towards the seal surface.

37. The filtering face mask of claim 68, wherein the flexible flap would normally assume a flat configuration when no forces are applied to it but has a curved profile when viewed from a side elevation.
